

Three Nooks Farm Update – 14th March 2018

Following an extended period of project evaluation details have now been provided to the Planning Authority at Staffordshire County Council in order to satisfy the pre-commencement conditions associated with the Planning Approval relating to our Application **SM.14/11/161 M**.

Enabling works are scheduled to be carried out on the power generating facility in the farm yard only at this stage.

We can confirm that there are no further drilling works planned.
